

## MISSION STATEMENT

---

At Weston Hebrew School we strive to instill a genuine appreciation for Judaism in our students. We achieve this by introducing them to stories of our rich history coupled with practical actions that they can do to make their Judaism an essential part of their lives.

## OUR CURRICULUM

---

We're impressed with our curriculum! Now it's your turn! At Weston Hebrew School students delve into the rich stories of our history and pick up valuable and practical life lessons to make their Jewish pride and identity something tangible.

Our Ktantanim explore the stories of the book of Bereishit, Genesis. From the times of Abraham, through the 12 tribes, the names, personalities and time periods come to life as they engage in arts, drama and song.

The Bogrim study the stories of the book of Shemot, Exodus. The slavery in Egypt, the Exodus, receiving of the Torah and the journeys of the Jewish people through the desert are all topics covered in depth.

Our Giborim will familiarize themselves with Jewish History from the time of creation through the last millenia. With particular focus on the Land of Israel, Jewish Heroes and more current history, the students will "Look back to the Future" as they pick up valuable life lessons from history to make their future a more Jewish one.
